Bodegas y Vinedos San Roman is a family-owned winery that was founded by iconic winemaker Mariano Garcia in 1998 as Bodegas y Vinedos Maurodos. His vision was to produce world class wines which balanced freshness and longevity in the bottle against the renowned power of the region's wines. The vineyards are planted mainly with Tinta de Toro, a local clone of Tempranillo that has adapted to the local region. In general, the vines offer smaller berries and bunches than Tempranillo in other regions, and yields wines that offer deep colors, intense aromas and robust structure.

Prima, their entry level wine, has started to incorporate a higher percentage of Garnacha in the blend and is now aged partially in large wooden vats as opposed to barrels.

## Reviews:

"The 2021 Prima from Toro is garnet in hue. The wild herbal nose features strawberry and sour cherry notes. Dry and juicy on the palate, it has fine-grain, reactive tannins that lead to a taut, long-lasting finish. This is a new red wine that will develop beautifully with age."

"Bodegas San Román's 2021 Prima Tinto from Bodegas San Román is nicely balanced this year, coming in listed at 14.5 percent octane. The wine is crafted from its customary cépages of eighty-five percent tempranillo and fifteen percent garnacha, with the oldest vines here being half a century old. The vineyards are farmed organically and just starting to conversion to biodynamics. The wine is aged in a mix of French and American oak for two years, with twenty-five percent of the casks new. The 2021 Prima delivers a deep and complex bouquet of black plums, black cherries, a touch of spiced meats, dark soil tones, woodsmoke and a discreet framing of cedary oak. On the palate the wine is deep, young and full-bodied, with a superb core of fruit, good soil signature, ripe, chewy tannins, fine grip and a long, complex and very well balanced finish. This will be an excellent wine in due course, but it is a young Toro, so plan on at least a dozen years of hibernation for the wine before it starts to soften up enough to drink with generosity. Fine juice. 2036-2075+"
