

# Paixar Viña de Vaca (Red Wine)

Paixar was started as a joint venture between Alejandro Luna, Gregory Perez, Eduardo and Alberto Garcia. In 2014 Alejandro Luna took control of the project and incorporated it under the umbrella of Bodegas y Vinedos Luna Beberide. The project started with the acquisition and leasing of tiny parcels of vineyards called Paixares, old-vine, high-elevation plantings surrounded by chestnut and oak trees, in the village of Dragon-te (population 60). Vines are planted directly in weathered slate of different colors and are 80+ years old; typically producing about one pound of fruit per vine.
