

San Román 2018 (Red Wine)

Bodegas y Vinedos Maurodos was founded by Mariano Garcia in 1997 and owns 100 hectares in the villages of Villaester, San Roman de Hornija and Morales, planted mainly with Tinta de Toro, the local clone of Tempranillo.

In recent years the winemaking team has, under Eduardo Garcia's (Mariano's son) direction, been producing wines in a fresher style, harvested at the optimum moment to balance freshness and richness. This leads off with intense attention to farming exceptional grapes using organic methods and some biodynamic concepts and practices. Grapes for San Roman, their original wine, have been harvested earlier and see shorter maceration times during fermentation.

Appellation	Toro D.O.
Grapes	100% Tinta de Toro (Tempranillo), from ungrafted vines between 60-100 years old
Altitude / Soil	700-850 meters / sand, clay and gravel, mostly with large surface stones
Farming Methods	Practicing Organic, incorporating some Biodynamic principles and practices
Harvest	Hand harvested fruit, hand sorted at the winery prior to processing
Production	Grapes were destemmed and lightly crushed prior to fermentation with native microbes, 2 weeks of skin maceration
Aging	Aged for 24 months in a combination of French and American oak barrels, 25% new
UPC / SCC / Pack	8437014707373 / 28437014707377 / 12

Reviews:

"The 2018 San Román was produced with Tinta de Toro grapes from a cool and wet year that delivered a healthy crop. The grapes are from different organically farmed vineyards in the villages of Morales de Toro, Pedrosa del Rey and San Román de Hornija and were vinified by plot in stainless steel with indigenous yeasts. It matured in a combination of French and American oak barrels for 24 months. This is very young, and compared with the polished 2017, it feels raw. But 2018 has to be one of the finest vintages here; the oak is quite dominant and tannic, but the freshness and balance will make it develop beautifully in bottle. It has ripeness and black fruit and is spicy, with a touch of licorice and ink. This wine has a lot of everything! It's one of the years with more acidity since they started here in 1997. 112,000 bottles produced. It was bottled in February 2021. 2023-2030."
